

Guardsmen Fight to Save Arkansas Farm Homes

More Rain Forecast Again Today

Five Consecutive Days of Violent Weather Recorded

By UNITED PRESS
National guardsmen and volunteers fought to save farm homes south of Garland City, Ark., from floodwaters today in the wake of five straight days of violent weather in the Southwest.

Weathermen predicted no relief for rain-drenched Arkansas and Texas today. The forecast was for showers and thundershowers from Texas east through the Gulf States to the South Atlantic Coast.

THE WORST FLOOD threats were at Garland City in southwest Arkansas and at Dallas, Tex., where the Trinity River overflowed a lowland addition. About 200 national guardsmen, Air Force personnel and civilians worked through the night sandbagging a levee on McKinney Bayou south of Garland City.

AT DALLAS, THE Trinity threatened to crest today at 34 or 35 feet, and about 100 families moved from their homes near the river. Police made a house to house canvass of the threatened section Wednesday night, warning all 600 residents to seek shelter on higher ground.

The mayor of Atlanta, Tex., near the Louisiana border, proclaimed the city a disaster area Wednesday after nearly 15 inches of rain had flooded the city since Friday. All schools were closed and several families were evacuated.

A "small" tornado hit the town of Henderson, Tex., Wednesday night, causing some property damage, and hail storms also hit the area.

Governor Fuller, Winter Resident, Dies Wednesday

Former Governor Alvan Fuller of Massachusetts, died suddenly last night in the Fullers' home at 150 Beacon Street, Boston, according to word received here this morning by his close friend, Jack Williamson.

The former Governor and Mrs. Fuller had spent the last six winters here at the Desert Inn, and he had only returned to his home in the east about a fortnight ago. He celebrated his 80th birthday here in Palm Springs this winter.

British Troops Break Trap

ADEN, Aden Protectorate. — British troops covered by aerial rocket fire rescued a British political officer and Aden government guards from a trap of rebel tribesmen Wednesday night.

The political officer, Fitzroy Somerset, was rescued from the Assarir garrison after 12 hours of heavy fighting. The British troops, under command of Maj. William Boucher Myers, fought through heavy and accurate rebel fire.

May 4 to 10

Mayor Proclaims Week for Pets

Mayor Frank Bogert today proclaimed the week of May 4 through 10 as "Be Kind to Animals Week" in Palm Springs.

Mayor Bogert, acting in conjunction with national observance of "Be Kind to Animals Week," urged Village residents to "reflect upon the value of our animal friends and make every effort to instill in others a feeling of kindness towards animals."

THE MAYOR ALSO asked Palm Springs citizens to "resolve that cruelty or mistreatment of any animals will not be tolerated."

In keeping with "kindness to animals" programs throughout

Gen. Pate Charges Marines Could Be Given 'Bum's Rush' Under Reorganization Plan

Community Scholarship Fund Grows

\$500 Contributed To Date by Local Organizations

The Community Scholarship Fund at Owen Coffman American Legion Post today reached the \$500 mark, reported Post Commander Don Burns.

Burns said the post is hoping to establish the fund as a four-year scholarship plan for an outstanding Palm Springs High School graduate.

VILLAGE ORGANIZATIONS and individuals interested in helping an outstanding student complete college training were asked by Burns to join the fund by pledging a yearly donation.

The plan calls for a four-year scholarship to the college or university of the student's choice, in the amount of \$1,000 a year. The recipient of the scholarship is required to maintain standards established by the college for successful academic achievement, Burns said.

However, Burns noted, in the event that the post is unable to raise funds for a four-year scholarship, the program will be conducted on a year-by-year basis.

DEADLINE FOR scholarship application is June 1. Applicants must be graduating Palm Springs High School seniors, must be recommended by the school principal, head counselor and at least three teachers and meet a list of other requirements.

The scholarship will be awarded graduation night, Burns said.

WARREN LINVILLE, past commander, is scholarship committee chairman. Committee members are Froman Golden, William H. Rechin, Al Patane, Rudy Salazar, Jay Morrison and Richard Lowry.

Information may be obtained from the committee by writing the Scholarship Committee, care of Warren Linville, Chairman, 400 North Belardo Road.

THE OFFICE will report current prices and market conditions for nationwide distribution on the FSMNS teletype system and to the various news media. Daily mimeographed reports also will be prepared and distributed free of charge upon request.

PURPOSE OF THE new shelter is "to adequately service the growing community," league officials said.

Plans for the new shelter are now on the drafting board, officials said. League leaders urged the public to support the program and send contributions to the Animal Protective League of Palm Springs, care of Post Office Box 749.

Incorporation Proponents Find Voters

Only Trouble Is They Voted In District 4

A possible fault in Palm Springs' last councilmanic election loomed today as proponents of the incorporation of North Palm Springs reportedly uncovered some nine illegal votes cast in District 4.

The report on the illegal voting is expected to be presented at the writ of mandamus hearing in Superior Court in Indio today before special sessions Judge Burtram Jones.

THE IRREGULARITY was said to have been uncovered in Riverside when incorporation proponents were making a search of registered voters in the area which is presently the subject of a controversy between Palm Springs, which wants to annex the territory, and the incorporation proponents.

A writ of mandamus was filed by Attorney William Shaw to halt the annexation of the northern territory by the city, but it failed when the court allowed the city to proceed with the annexation hearings, prior to today's court hearing.

After the hearings at the last council meeting, the city passed a resolution to annex the southeast one quarter of Section 34 and the west half of section 35, but failed because of a protest by Dr. C. A. Reagan to start proceedings on the other territory — the east half of Section 35 and all of Section 36.

WHEN NEWS OF THE reported illegal voting reached Palm Springs, two of Palm Springs ex-mayors, Jerry Sanborn and Charlie Farrell said that they will not test the election.

The vote in District 4 was won by a total of 15 vote majority by Mary Carlin, after absentee ballots were counted, with ex-Mayor Jerry Sanborn the losing candidate.

Trailer Park Ordered Vacated

LOS ANGELES. — Some 154 families living in a trailer park in the Pacific Palisades, today prepared for immediate evacuation on orders of the city.

The park resident, Mrs. Eunice Beals, told police she checked the room after the car pulled out and found that two meters had been ripped from their mounts.

He will be returned to Palm Springs today by the arresting officers.

JUNIOR COLLEGE BOARD of Governors members were sworn in by County Schools Supt. Ray Johnson, right, at the board's inaugural meeting this week. Members of the recently created junior college district's first governing board are, left to right, William Mason, of Palm Springs; Raymond Rummonds, of Indio; David McGahey, of Palm Springs; Donald Mitchell, of Coachella, and Dr.

Francis A. Purcell, of Palm Springs. Mitchell was elected as first president of the board and McGahey was elected secretary. Mitchell and Rummonds will serve four-year board terms, McGahey will serve three years, Purcell two years, and Mason, one year. Next meeting of the board was set for June 6 at the Palm Desert School. Man Charged With Looting Coin Meters

A 27-year-old Los Angeles truck driver was today accused of providing his own "unemployment insurance" by raiding washing machine coin meters at resort area trailer parks.

Raymond Junior Craig was arrested at his Los Angeles home today by City Detective Richard Harries and Sheriff's Deputy Paul Lewis on a warrant charging him with burglary.

THE UNEMPLOYED truck driver, specifically charged with theft of two coin meters and about \$50 in cash from Rancho Trailer Park, was traced to Los Angeles when a sport-eyed trailer park resident spotted his license number as he allegedly left the park laundry room, police said.

The park resident, Mrs. Eunice Beals, told police she checked the room after the car pulled out and found that two meters had been ripped from their mounts.

He will be returned to Palm Springs today by the arresting officers.

Nixon Misses Oath-Taking Ceremony After Long Trip

BUENOS AIRES. — Arturo Frondizi was sworn in today as president of Argentina at a glittering joint session of Congress. But Vice President Richard M. Nixon, who traveled all the way from Washington, missed the actual oath-taking ceremony.

Nixon and representatives of 57 other nations were here to see Frondizi and Vice President Alejandro Gomez take over control of the government following their victory in Argentina's first completely free presidential election in 30 years.

BUT WHEN THE actual oath was administered to the new president Nixon was not in the congressional chamber. His chair between the delegate from the Vatican and the one from Bolivia was empty during the ceremony.

Aides at the U.S. Embassy said Nixon arrived at the Congress building promptly at 10 a.m. but found the ceremony had started earlier than scheduled.

THE AIDES SAID that when he arrived at the Congress, Nixon was able to reach his seat only with the greatest difficulty. Hence he was overlate for the actual swearing-in ceremony.

Inside the chamber, the scene was the most brilliant since the days before ousted dictator Juan D. Peron reached power in 1946.

Frondizi and Gomez spoke to the nation over a special radio-TV hookup before driving to the Congress to receive the insignia of office from their predecessors, Gen. Pedro E. Aramburu and Rear Adm. Isaac Rojas.

BIDS will be awarded tonight for construction of the first new Palm Springs school district classrooms provided by the December \$2,138,000 bond issue.

Board of Education members will meet in special session at 7:30 p.m. to award contracts for construction of a four-classroom addition at Cielo Vista School.

School Board Plans to Award Bids Tonight

BIDS will be awarded tonight for construction of the first new Palm Springs school district classrooms provided by the December \$2,138,000 bond issue.

Board of Education members will meet in special session at 7:30 p.m. to award contracts for construction of a four-classroom addition at Cielo Vista School.

THE new one-hour show, called Westinghouse Desilu Playhouse, will be shown on Monday nights at the same time spot now occupied by the venerable Studio One.

Arnaz said the package contained 48 weekly, filmed programs, including seven "Lucy Specials" and some musicals. He estimated the "Lucy Specials" would cost about \$300,000 each with the 41 other shows averaging \$125,000 each.

Zech Elected President of Optimist Club

William Zech was elected president of the Palm Springs Optimist Club at the annual meeting held yesterday noon at the Biltmore Hotel.

Other officers named were Charles Valentino, first vice president; Dr. Wayne Huffman, second vice president; Brad Davis, secretary; treasurer; Parry O'Brien and Ken Jackson, sergeants-at-arms.

Board members are Frank Hendrickson, Bob Davis, Al Epperson, Bob Winslow, A. R. Simon, Dan Angell, and Roy Randolph, past president.

Speaker at the meeting was Jack Miles, assistant superintendent of schools, who discussed aerial navigation.

Tax Cut Decision Due in 60 Days

WASHINGTON. — Secretary of Labor James P. Mitchell said today the administration should decide "within 30 to 60 days" whether to cut taxes to bolster the economy.

Mitchell said he did not see any short-term improvement in the business slump and that unemployment this month would not be much different from the 5.12, 000 jobless recorded for April.

Seals; Steve Trumble, accountant; Jimmie Hines, Eldorado Country Club; and Don Hamilton, Valley Lumber Company.

Protests Language Of New Bill

Testifies Before House Armed Services Group

WASHINGTON. — The commandant of the Marine Corps protested today that President Eisenhower's defense reorganization plan might open the way for giving the Marines "the bum's rush."

Gen. Randolph McC. Pate told the House Armed Services Committee he felt "real apprehension" that language of the proposed bill might permit a future defense secretary to "rationalize the Marine Corps out of a job."

THE COMMITTEE, which will be the first congressional group to pass on the President's plan, received written answers from Defense Secretary Neil H. McElroy to three questions posed while he was testifying last week.

McElroy assured the committee that the Marines, as well as the Army, Navy and Air Force, would "retain their respective individualities" under the President's plan.

PATE SAID HE endorsed "wholeheartedly" many parts of the proposal. But he expressed "grave concern" about one provision which would repeal laws prohibiting the transfer, reassignment, abolition or merger of combat functions which Congress has assigned to the individual services.

Pate said Congress should not permit this. Any "tampering" with these functions, he said, "could be a most dangerous change insofar as the Marine Corps' future ability to fight is concerned."

PATE SAID THE Marine Corps already has survived "several attempts to reorganize it into non-entity." He questioned whether the future of the corps should depend "upon the whim of a single individual" or on Congress, which created it.

"I would certainly hate to think that some future secretary of defense might misread the enactment of some of the proposed features of this bill as a mandate from Congress to rationalize the Marine Corps out of a job," Pate said.

Mayors to Meet On 'Terrorism'

JACKSONVILLE, Fla. — Mayors of most major Southern cities are scheduled to huddle Saturday at Jacksonville, Fla., in an unprecedented move to combat terrorist bombings of Jewish and Negro facilities.

HOOT MON, MAYOR it'll be a bright day in Palm Springs today, now that you've made the Village an even friendlier place for wee animals," says Miggie of Travelon, a "young Scots Lady." The prize-winning Scottie was the desk-top guest of Mayor Frank Bogert this week as the mayor signed a proclamation naming the week of May 4 through 10 as "Be Kind to Animals Week" in Palm Springs. The proclamation urges everyone to "reflect upon the value of our animal friends" and particularly cautions youngsters to be aware "of the important part played by animals in our daily lives." Three Killed in Head-on Collision Of Cars on San Bernardino Freeway

EAST LOS ANGELES — A head-on collision of two automobiles on the San Bernardino

Freeway Wednesday night claimed the lives of three persons and critically injured two others. The dead were identified as Lee Wilhite, 52, Arcadia, and his passengers, Ruth Myers, 54, Los Angeles, and Mrs. Hannah Kern, 70, Alhambra.

Harry E. Griffith, 65, Alhambra, the driver of the other car, was reported in critical condition as was Wilhite's wife, Madeline, 50.

California Highway Patrolmen said Griffith's car, traveling out-bound on the freeway, apparently jumped a divider and struck the Wilhite vehicle head-on. The impact overturned the auto and the victims were pinned beneath the wreckage.

DANCER DIANE BLAIR, called one of the nation's "most unusual acrobatic dance stylists," is currently running through her spine-twisting paces on the Chi Chi Starlite Room stage. A featured performer at top night spots in Honolulu, this energetic dance stylist has appeared at many prominent American night clubs and recently completed a year-long tour of Europe. Starring on the new Starlite bill is comedienne Sue Carson, one of the most hilarious young women now appearing on the American show business scene. Also appearing on the Starlite bill, running through May 8, is singer Fred Darien, star of Era Records.

Billy Graham Says Escapism Causes San Franciscans Ills

SAN FRANCISCO — Evangelist Billy Graham knows the reason why San Francisco leads the nation in alcoholics and suicides.

He told an audience of 11,000 Wednesday night the reason is "escapism" — a flight from the realities of life to an "illusory, imaginary world."

A world, he hardly needed to add, without God.

PREACHING IN the vast Cow Palace to his smallest audience in the four days of his six-week crusade, Graham took his text from Hebrews, 2nd Chapter, 3rd Verse: "How shall we escape, if we neglect so great a salvation?" He noted the Bible claims everyone is guilty of sin. Because

of that, he said, everyone is "separated from God." And that is why everyone is hunting for some form of escape.

"THE REASON we have teenage gangs," he said, "is escapism. One of the reasons teenagers go steady is escapism. They are looking for a world of security they haven't found otherwise."

This wanting to escape, he said, is why San Francisco has one of the highest suicide rates in the nation and leads the nation in the rate of alcoholics.

"The grace of God can give greater pleasure than escapism," he said.

Graham then asked the audience to "give your heart to Jesus Christ, tonight."

In response to his plea, 306 persons came forward to repent.

That brought the total number of conversions for four nights to 1374.

California Water, Telephone Co. Now Ranks No. 13 in Size in Nation

California Water & Telephone Company, with more than \$52,000,000 invested in telephone facilities, now ranks thirteenth in size among the nation's 4,113 independent (non-Bell) telephone companies, according to President Chester H. Loveland.

Paralleling the company's growth with that of the nation and independent telephone industry, Loveland noted that during the past ten years the country's population has increased 36 per cent and the total number of independent telephones increased 204 per cent, while California Water & Telephone Company's telephones increased 409 per cent, to a total of 130,167 by the end of 1957.

CALIFORNIA WATER & Telephone Company was originally formed in 1935 when, in addition to several water companies, four independent telephone companies, operating in southern California, were made a part of the company.

In the years since, the utility has expanded at a tremendous rate in its efforts to meet the unprecedented demands for telephone service caused by population growth, increased usage and

a prosperous economy, company officials said.

TODAY, WITH a total telephone plant investment of \$52,344,772, the company provides service to 29 communities through 16 exchanges in the Los Angeles Extended Area, Riverside and San Bernardino Counties and the High Desert Area. Ninety-seven per cent of this service is automatic.

Ten years ago, there were only 3,321 telephones in the areas served by the Palm Springs District Manager Doak Davis. Today that number is more than 16,451, an increase of more than 330.5 per cent.

THIS INORDINATE growth has required an increase of 992.3 per cent in plant investment Davis said, from \$603,584 at the end of 1947 to \$5,989,231 at the end of 1957.

Coupled with this rapid rate of growth, Davis pointed out, has been the continually spiraling increase in the cost of installing a telephone. In 1947, the Company had an investment of \$175.20 per telephone, today the investment has risen to \$387.88.

Looking ahead, California Water & Telephone Company shows every promise of maintaining its great pace of growth and expansion.

President Loveland estimates that, by the end of this year, the company's total number of telephones will increase to approximately 145,000 and that telephone plant investment will rise to \$60,700,000.

Narrow Bridge Scares Away Trade, Complaint

The bridge on Delano Drive in Idyllwild is so narrow that it scares away would-be customers of his Roy-L Pines Trailer Village, Lee W. Roy told the Board of Supervisors this week.

He said new trailers are ten feet wide and the bridge is only 11 feet wide, making it difficult to get trailers across. He requested installation of a new, wider bridge.

Crossing of the bridge poses a problem to road crews in the winter, according to Roy. He said the equipment is too wide for the bridge.

The bridge complaint was referred to the road department.

Lee Backstrand Names 2 to Key Campaign Posts

Harry McCarroll of Riverside, business consultant and retired bank executive and Fred C. Jennings, Riverside auto dealer, will both be serving in key posts on the campaign committee working for reelection of State Assemblyman L. M. "Lee" Backstrand.

McCarroll has volunteered to serve as finance chairman and Jennings will be campaign treasurer, according to announcement made by J. A. "Red" Moss, chairman of Backstrand's county-wide committee.

Backstrand returned last weekend from the prolonged budget session in Sacramento. He is running for reelection on both the Republican and Democratic tickets in the June 3 primary election. Nominally a Republican, he is now seeking his fourth consecutive terms as representative of the 71st Assembly District comprising all of Riverside County.

Finance headquarters for the campaign will be located at 3620 Market Street, Riverside.

Beer Production Is Curtailed

SAN FRANCISCO — (AP) — Beer production and delivery were sharply curtailed today as a result of shutdowns ordered by brewers and distributors in retaliation for a Teamsters Union strike.

The California Brewery Association announced it is shutting down three plants, Burgermeister in San Francisco, Falstaff in San Jose and Schlitz in Los Angeles.

At the same time, the distributors association suspended operations in non-struck plants in San Francisco, San Diego, Long Beach, Santa Monica and metropolitan Los Angeles.

Pastor Requests Stop Signs For Area Intersections

Warren C. McClain, pastor of the Palm Desert Community Church, told the Board of Supervisors this week he is delighted with new street signs at cross streets in Palm Desert, but stop signs are also badly needed. He said accidents have occurred at several crossings which have obstructed views and are heavily traveled.

The supervisors referred to the traffic and safety committee the pastor's request for stop signs at nine intersections.

'Meter Maids' To Ease Pain

KEOKUK, Iowa — (AP) — City councilors have decided to ease the "agony" of receiving parking meter violation tickets. Starting May 1, "meter maids," Judith Harrison and Janet Raybur will issue the tickets to errant motorists.

How Standard uses earnings to back its faith in the future

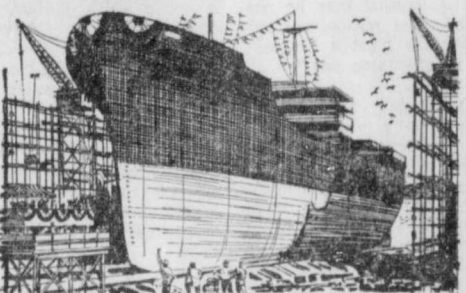

Economic progress doesn't just happen. It must begin with confident, long-range planning to meet the challenge of the future.

As we see it, this is the challenge: By 1968 the U. S. will have 202,000,000 people . . . 17% more than today. To sustain this growing population while raising the standard of living, the nation will require 40% more goods and services.

That's why last year Standard invested more than ever to help provide the future products for you and for the security of our country . . . and Standard will continue to invest, providing jobs and opportunities that can lead to a more abundant life for our nation and its people in the space age ahead.

The U. S. will need as much oil in the next 15 years as it produced in the past century. To locate new sources of oil and develop known fields, we invested \$280,915,466 last year . . . drilled 968 new wells, of which 176 were dry holes.

To help transport more oil and finished products in the future Standard has placed orders for \$148,368,510 worth of new facilities, including 10 supertankers, greater pipeline capacity and additions to our fleet of trucks and trailers.

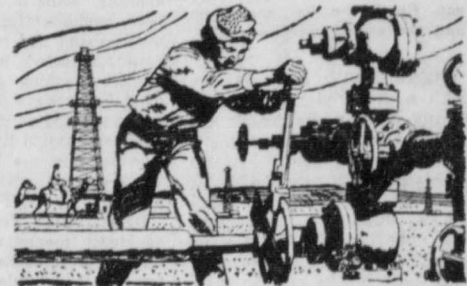

Research helps create new products . . . and new jobs. During 1957 we had 1400 full-time employees in research and technical services alone. As a result of continuing research we now make more than 1,000 products that were not marketed 15 years ago.

While most of Standard's income went back into the business, our 148,315 stockholders received about 4¢ for each dollar of stock investment at market value. Dividends encourage future investments, helping all business to expand and improve service.

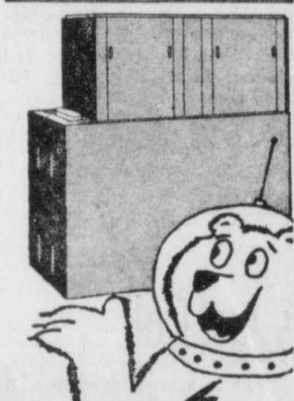

Again last year Standard was one of the West's largest customers. Our purchases included 50,000 items . . . helped provide employment and payrolls for more than 10,000 large and small business firms in hundreds of Western communities.

Through affiliates we also helped advance progress in more than 70 friendly Eastern Hemisphere countries. Oil development helps local business, provides employment and supplies funds for education, health and housing.

"Now that it's May
You big baboon,
I suppose you'll start
To croon of June."

That was the text of a communication received this week and marked "Do not open until Thursday."

I like to have people write nice notes to me.

BUT I THINK I'll wait until toward the end of the month before speaking about June, that month containing those days of which there is nothing more rare than.

This being May Day, it's a good time to see what the month has in store. It starts off with a bang. This is National Baby Week (the month also lists Domestic Rabbit Week), this is U. S. Canada Goodwill Week, Mental Health Week (all those babies aren't going to hell), National Invest in America Week, Correct Posture Week, Camp Week.

ALL OF MAY is National Better Hearing Month. So you won't miss the summer Call of the Open Road.

It is also National Retirement Month and Better Bedding Month. Those two go well together.

Outside of that, May is National Canned Hamburger Month, contains National Pickle Week to go with it, has Foot Health Week and Let's Go Fishin' Week.

Perhaps that's why they call it the Merry Month of May.

PHONY CHECK PASSERS are going to have trouble when the new state driver license law takes full effect.

Under the new plan, photos of the licensee will replace fingerprints on the licenses. Then when a check passer presents his driver's license for identification, the merchant is going to know right away. He couldn't tell by the finger prints before.

But if the license photos are like some passport photos, he still may have trouble.

I DON'T LIKE billboards. They hide the scenery.

Resides they sometimes carry stale news.

After every big election, long after candidates and issues have been defeated, you read fulsome praise of them on billboards lining the highways.

I'm on so this week there is still a local billboard carrying the greeting: "Welcome, Easter Vacation Kids."

SHERIFF JOE RICE is not fine in practice a good idea to prevent burglaries in homes vacant during the summer. He asks people going away to let his staff know so that a watch can be kept over their property. He wants their vacation advance so that they can be notified promptly if some thing does happen.

It's a good idea but the statement that it is the first time to be tried in this county, isn't necessarily so.

Chief Gus Kottmann of the Imperial County Sheriff's Office must have been quite a man at least to escape and it has been highly successful every summer.

STAN DELAPLANE'S
Postcard

We are engaged in a very delicate negotiation. At the Hotel Fukudaya, I negotiate with the head maid. I think there is probably a manager. But it is so touch a subject, he does not care to appear yet.

The delicate subject is this: Can I have a room for a few more days?

THIS IS ONE of Japan's best hotels. Outside the antique gates, they park Cadillacs and Daimlers.

The sides of each room slide back so that we sit on the edge of a dwarf pine garden. The ground is pink with cherry blossoms. There are little round stone paths. And little raked gravel paths that wind up where prayer bells tinkle before stone shrines, hidden in bamboo groves.

IT IS ALREADY established that Fukudaya is advertising for American tourists. But—A friend of mine, Ken Cole, has been in Tokyo 12 years.

"Can't I just ask the manager if I can stay?"

"No. You are here on probation. It is unusual they let you in at all. The reason you are here at all is I got a Japanese friend to guarantee you."

"WHY DON'T they want me?"

"They want you. But they are afraid you don't know how to act in a Japanese hotel. You might not take off your shoes when you come in. You might wash in the tub—you do not wash in Japanese tubs. You wash OUTSIDE. You rinse. Then you soak in the tub."

"They could tell me."

"That would be even worse," said Mr. Cole. "That would be impolite. They would lose tremendous face if they were to be impolite to a guest. So they would rather not have you at all."

I SAID IF JAPANESE hotels work on that basis, why advertise for American tourists?

It seems that Japanese hotels are caught between the devil and the deep blue sea. Between

Western business operation and Japanese custom.

"They advertise because it is very modern. Very Western. But when the guest actually comes, they are in a terrible predicament. If he breaks custom, they cannot even speak to him about it."

"THEY LOSE FACE if he breaks custom. They lose face if they tell him."

"The best compromise they can work out is to advertise. Then when the guest arrives, tell him they are full up."

I AM MIGHTY polite in my Japanese hotel. I have fought with many hotel managers. But I do not fight with the manager of the Fukudaya. For one reason. I do not know who he is.

"If you went to the hotel manager, he might have to tell you to move," said Mr. Cole. "He would be embarrassed at being so impolite. You must deal with the maid."

I AM DEALING with the maid. My made is Yuki-san. Yuki means "snow." I hope this is not a chilly portent. I am dealing gradually. I have been in the Fukudaya three days.

I wash OUTSIDE the tub. I do not get soapy water in the tub.

I leave my shoes at the outer door and put on the house slippers. I leave the slippers outside my room door and paddle around in my socks. I drink soup from the bowl with one hand.

"CAN I STAY ONE more day, Yuki-san?"

Yuki-san gives me a glowing smile. It means nothing. It would not be polite to look glum. A conference is going on somewhere in another room.

Just to be sure, I went back in the bathroom. I took a towel and wiped up a little soap on the plank floor. If they will let me stay, I will help Yuki-san do a little housework.

I am the politest cat in Japan. Otherwise they will fling me out. The advertising doesn't mean a thing.

GRIN AND BEAR IT

"This kid'll be the nation's newest singing sensation, Max! . . . with a couple of guitars backing him, he does a complete breakdown with hiccups!"

EARL WILSON:

Gary Cooper Upset But Grinning

NEW YORK—When Gary Cooper came out of the hospital last Monday—greatly upset that the news of his facial surgery had been headlined—he was nevertheless good-humored and said to a friend: "They . . . gave . . . me . . . some . . . pills . . . in . . . there . . . and . . . now . . . I . . . don't . . . talk . . . so . . . fast."

They were throwing people into the plastic indoor swimming pool at the Lexington Hawaiian Room at 2 a.m. when I left Actor Richard Burton's South Seas party for his wife. Seems he'd promised to take his wife to the South Seas but couldn't because of work, so he brought the islands to her (indoors).

In beach attire, Ginger Rogers, Gypsy Rose Lee, Susan Strasberg, Peter Ustinov, Huntington Hartford, Henry Fonda, Ricardo Montalban, Sally Ann Howes and others were splashing about or doing a Hawaiian hooedown. I asked Susan Strasberg why Sir Laurence Olivier didn't go in. She said: "He didn't have a suit—do you know a better reason?" (Yeah, maybe his caboose is too big like mine.)

In answer to questions, "What is a Wilson Girl?", I'd like to say that Hollywood starlet Nora Hayden (nominated by Bernie Kamber) is merely perfect.

We rode out to the Brooklyn Town & Country for Sophie Tucker's opening—and how great! Sophie says she has the 70-year-itch and that it's 10 times worse than the seven-year-itch. She sang "The Grizzly Bear" (San Francisco, 1910), "Alabama Jubilee" (1930) and "Calypso Sophie" (1958) while Gracie Fields, Paul Winchell and others applauded like crazy. Never saw Sophie so great.

Maurice Chevalier sent her a good-luck wire signed: "The Last of the Red Hot Papas." "DON'T PRINT THAT!" Judy Garland has round-the-clock nurses and a lung specialist at that local hospital. Jack Paars home towns, Cleveland, Canton, Indianapolis, etc., want to give him welcome-back parties, acclaiming his capturing the American vote . . . Kim and

Slim are still murmuring to each other. Slim gets his divorce in December . . . "God's Little Acre"—showing Tina Louise looking so sexy—got a B-rating from the Legion, meaning it's banned for children. That makes it a hit.

What fish do you prefer?

Coming back from Montreal the other day on the Canadian National RR, I was persuaded by the dining car waiter to try some "Winnipeg goldeye"—which he assured me was a gourmet's treat. It was good, too, when I got the bones out—and after he'd first removed the goldfish-looking eye.

Personally, I don't feel too good about eating a fish when it's staring up at me from the plate . . . although some gourmets assure me that the eye's the best part.

Now that many outdoorsy gents are planning to go fishing on their vacations, let me remind them that fish generally seem to go on vacations about the same time fishermen go.

There's going to be a colorful convention in Fort Wayne, Ind., soon, which I wish I could attend. American railroaders who fought Bengal tigers, leopards and other wild animals, poisonous snakes and malaria in India during World War II, will hold their 12th annual reunion there June 19-21.

They made up the 743th Railroad Operating Battalion of the U.S. Army Transportation Corps. Their job was to see that supplies got through to the India-Burma-China Theater.

And that battle was tough. The railroad ran through a mountainous jungle which has been described as one of Frank Buck's favorite hunting grounds. Many men died from disease, and almost everyone in the 743th got malaria.

But the 804 miles of the Bengal and Assam Railroad were kept running from March 1944 to September 1955. And the men of the 743th have several medals and citations to prove it. Sahib, fellows, happy reunion!

Want Story, Just Call

NEW YORK — Gary Cooper, receding at the Pierre, accused his press agents of releasing the story about his facelift but why would they spite the face that fed them?

How to get a story: N.Y. Post reported Carl Pollock phoned the Waldorf and asked for Princess Soraya. She answered the phone . . . Soraya, eased out of her queenship by the Shah of Iran, checked into her "room man's suite" in the Waldorf Towers with no royal retinue at all, just her mother and her brother. Later sleeps on the couch in the sitting room . . . Soraya's first request: tickets for "My Fair Lady."

TALLULAH AND HER Aunt Louisa from Alabama Aunt Louisa, as Anna, the widowed English schoolteacher, and Cameron Mitchell in the Yul Brynner role as the willful, barbaric King of Siam, are the talk of Tinseltown following last week's exciting opening-night performance in "The King and I." Quickest Way to End Any
Recession Is 'Build Way Out'

Each day brings new evidence that should convince even the most obdurate that the quickest way to end any recession is to build your way out. In defining the word build, however, we should not limit the meaning to strictly homes, apartments and factories. All the products that have made America the richest, most powerful nation on earth, should be included.

It is a known fact that on the drawing boards of draftsmen, architects and engineers across the nation, are hundreds of totally new products as well as thousands of improvements and betterment of existing ones.

The government could perform no greater service in breaking the recession than to provide every incentive in getting these products and improvements off the drafting boards and into factory assembly lines as soon as possible. Business should be given the same tax relief and rapid new-plant depreciation write-off in getting such products into the stream of commerce, as is provided in times of national emergencies such as war.

This is war. It is a war against stagnation and slow growth. The consumer of merchandise has been conditioned to

expect, accept, and spend its money in large quantities, for the latest and best products and merchandise of all sorts and descriptions.

If industry has not yet learned this basic fact, it has no one to blame but itself for periodical recessions such as the present one. Facts prove beyond any controversy, that American consumers as a whole have the greatest amount of cash savings in history with which to purchase such new products when they are offered. But that they will not be bullied and brow beaten into buying something they don't want.

This has been conclusively proven time and again in both the home building and automotive fields. American women refuse to live in a home consisting mostly of four walls and a roof. They want the best, or nothing, and they will hold their hands on the family purse strings until they are offered what they want at a price they can afford to pay. The same holds true in the fields of autos, appliances, and scores of other products.

So why not spring our imposing list of new and improved products out of the blueprint, and into the manufacturing stage as soon as possible, and kill the recession right where it is.

The Poisonous Panegyric

WASHINGTON, D. C.—Speak well of the dead. It is a sound rule for journalism, as well as in life. But if I'll must be spoken of the recently departed, let it be in honest coin and not in the counterfeit of a pretended eulogy. There was something very ungallant in the obituary editorial which the Washington Post ran the day after the epochal funeral of Frank Richardson Kent in Baltimore.

Perhaps the Post editorial showed the twisted nature of its origin. All men kill the thing they love, a twisted genius has written. The brave man does it with a sword; the coward with a flattering word.

THE POST USED the flattering word for three of the four paragraphs. Kent's great record and his sensitive gifts as a political writer were acclaimed. He was acknowledged to be, "in his way," an acute psychologist and observer of "The Great Game of Politics," as his famous book and column were jointly titled.

But in the fourth and final paragraph the soft pedals of praise were seen to hide the murder weapon. Frank Kent, said the Post, has caused his admirers to perceive, "with some sadness," that he had lost his "detachment" and become a mere "apologist."

KENT HAD ENDED his career, observed this poisonous panegyric, in the "ultimate position as a champion and spokesman for the ultraconservative right." The editorial closed with the civil leer of professional backbiting by admitting that Mr. Kent "even in this role," wrote

with "clarity and vigor."

Well! Old Frank liked nothing better than to throw the harpoon of his wit and acuity into this sort of blubber. He never complained or even reacted, except with quiet amusement, when the volunteer critics wrote to his papers. Only this past winter I objected in print because the Baltimore Sun published a pretty rough letter against him. Kent thanked me with a kindly note, but dismissed the criticism as hardly worth noticing.

HE USED TO SAY in his prime that he didn't care what people said about him, just so they said it. He showed the same debonair professionalism toward established journalists who opposed his philosophy and disagreed with his admirations and detestations for certain politicians.

His friendship for the Alsop Brothers, who were among the distinguished attendants at his funeral, was long and indestructible. He sometimes mentioned them with asperity in his columns as "liberals," which to Kent was a term of disapproval. But nobody felt wounded. One of the brothers once told me with a grin that their only objection was that Frank wouldn't mention them by name.

BUT KENT, impervious to criticism and disagreement could never be indifferent about hypocrisy. He had something approaching an allergy to it. It made his face flush and his slight body quake with distaste. He felt that Franklin Roosevelt and most Rooseveltians had

introduced a new element of phoniness into politics. He felt that they had broken the rules of the "game" and lowered its standards to a depth below the sidewalks where the old-fashioned bosses used to practice any amount of chicanery and grab any amount of pelf.

THE NEW DEAL was dishonest because it sighed and sobbed like the crocodile over things like human misery and minority abuses, mainly for the purpose of usurping political power. The power, as power will, turned into the moral corruption which infected not only the Democratic party, to which Kent always belonged, but a good deal of the press and much of the country.

These animosities which Kent felt toward the New Deal were, I am sure, exactly what he would have felt toward the Washington Post article upon his death.

THE BASIC INFIRMITY of "liberalism" stands self-exposed in this single editorial, and may be Kent would have been glad to have his name in it for that reason alone. It is a cult which loves "humanity" in the abstract, but has no capacity for loving or understanding a delightful human being like Frank Kent.

There is no way for a "liberal" so see that Kent's affinity for the "ultraconservative right" is an aspect of the thing called patriotism. Both individual affection and love of country get lost in the "liberal's" omnibus passion for the "world" and its faceless masses.

—Holmes Alexander

Dear Abby . . .

DEAR ABBY: I am a grown man of 28 who is married and has a family of my own. My problem is my mother. She has a picture of me in my birthday suit. It is as big as life and she keeps it hanging in the living room, of all places. Every time I go over there and see it I get mad. I have asked her a hundred times to please take it down but she hasn't done it yet. How can I get it off the wall without stealing it? GORDON

DEAR GORDON: Be a nice family portrait taken. Have sure it's the same size as the "birthday suit" picture—and frame it beautifully. Present it to your mother for Mother's Day with your small request.

DEAR ABBY: My mother-in-law is a honey but she is causing me a big problem. She is a widow and very lonely so she asks to take my children for the weekend. When she has them she lets them do just as they please with no schedule and no discipline. She feeds them "franks," soda pop, chow mein and pizza pies. The children are

2 and 3 years old. How can I put a stop to this without hurting her feelings? NOT BOLD

DEAR NOT: Simply write out a list of what the children should eat, and what they should NOT eat. Emphasize the "nap" time and you should have no trouble.

DEAR ABBY: I am in love with a wonderful guy, but here is my problem. He doesn't like to shave on week-ends and that's when I see the most of him. He is blond and you can't SEE his whiskers but you can sure FEEL them. My face breaks out after I'm with him, but he says if he shaves on week-ends, HIS face breaks out. So it is either HIS face or MINE. What should we do? SORE FACE

DEAR SORE: Why don't you save BOTH your faces and gift him with an electric shaver?

DEAR ABBY: I became friends with a neighbor lady where I lived some fifteen years ago. We corresponded and kept track of each other. Now I'm not rolling in money but I'm not

destitute either. This lady must think of me as her "pet charity" because she collects used clothing from all her friends and sends me huge boxes of used clothing (some of it is in pretty poor condition) for my children, my husband and myself. I have never indicated to her that I needed anything and my husband has always worked steady and supported us well. Don't you think she should have asked before sending me these things? What do you advise me to do about it? NOT DESTITUTE

DEAR NOT: Your friend undoubtedly means well, but she is very presumptuous. Thank her for her thoughtfulness and pass the boxes on to the needy.

CONFIDENTIAL TO "A WIDOW NOW": You are NOT a widow now. You are a divorcee whose former husband passed away.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

BILL HENRY, left, Thrifty Drug Stores' Director of Operations points to a Pan American Airways poster of beautiful Hawaii, where some lucky Thrifty customers will go as the prize winner of the Tussy "Pleasure Trip" contest currently in progress in all Thrifty Drug Stores. Looking on is Manny Borun, vice president of Thrifty Drug Stores, and Aline Roth, cosmetic department head.

All-Expense Paid Trip for 2 Offered Thrifty Customers

A one-week all-expenses paid trip for two to fabulous Hawaii is the prize that some lucky Thrifty Drug Stores' customer will receive in the Tussy "Pleasure Trip" vacation contest, it was announced this week by Thrifty officials.

The contest officially began April 24, with the drawing to be held May 29. Entry blanks are available in the cosmetic departments of the Palm Springs Thrifty Drug Store.

THE WINNERS of this exciting trip will be guests at a famous Waikiki Beach hotel with all meals and transportation paid. Pan American Airways' radar equipped "Super 7 Clippers" will fly the fortunate couple in first class comfort, and upon arrival will be greeted in true island fashion with flower leis and native Hawaiian music.

A bonus prize of the contest is \$100 in cash if the customer accompanies his winning entry blank with a sales slip from a purchase of any Tussy product.

A SIDELIGHT OF the exciting "Pleasure Trip" for two is the Tussy contest for managers of all Thrifty Drug Stores. The top four managers who sell the most Tussy deodorant and summer cologne will win duplicate trips for themselves and their wives.

In addition, the Thrifty district manager whose respective district sells the most Tussy in the month-long event will be awarded a free trip for two to the Pacific Island.

Desert Disposal Site Report Set for May 5

Road Commissioner A. C. Keith told the Board of Supervisors this week that after considerable effort in seeking a suitable site as a disposal area to serve the recreational portion of the Coachella Valley he has concluded that the most reasonable in cost and still suitable is the NE 1/4 of Section 5, Township 4 South, Range 5 East, east of Palm Springs and southwest of the Southern Pacific Railroad tracks.

Keith said the property is available at from \$400 to \$500 per acre. He recommended that the board consider the location and if in their opinion it appeared reasonable, refer it to the county planning commission.

The supervisors referred Keith's recommendation to the planning commission with a request for a report next Monday, May 5. Supervisor George Berkey commented that an effort is being made to acquire more land.

Saund to Receive National Lord and Taylor Award

In company with 4 distinguished Americans, Congressman D. S. Saund will receive the well-known Lord & Taylor Award on May 7 in New York City.

The award this year "will salute a group of America's unofficial ambassadors, individuals whose human qualities and activities abroad uniquely qualify them to interpret the spirit and achievements of our country to the world," according to the award committee.

SAUND'S CITATION terms him "an American who, using an Indian heritage, has told the story of America with rare insight and perception, thereby creating a deeper understanding between two diverse cultures."

The award will be presented to the 29th District congressman at a luncheon in the Grand Ballroom of the Waldorf Astoria Hotel in New York City. More than 1,400 business, professional and social leaders are expected to attend the event.

OTHERS RECEIVING the award are Mrs. Eleanor Roosevelt, as an ambassador at large; Nelson Rockefeller, for his leadership in economic and social development in underdeveloped territories; Senator J. William Fulbright of Arkansas, for

launching the program of Fulbright scholarships which has created a corps of some of America's most effective and enthusiastic unofficial ambassadors, and Arthur Watson for the pioneering work of IBM World Trade Corporation in spreading technology and raising the standard of living in countries throughout the world.

For 21 years, the Lord Taylor Award has been given annually to a small group of Americans "in recognition of creative achievements that have had a profound and positive influence on our times."

WATER... A PRIVATE UTILITY

Did you know that the Palm Springs Water Co. is a private utility? This means that individuals have invested substantial sums to provide this indispensable service. A private utility is limited by California State Law to charge only those rates that will enable it to maintain a sound credit position... pay the cost of efficient operation... pay substantial taxes... and give a fair rate of return to its stockholders.

The Palm Springs Water Co. does not draw upon the public funds in any way, but pays taxes just as you do. To survive, it must supply you with an adequate quantity of wholesome water at a reasonable cost.

Since 1919, we have had to meet increases in labor costs as well as material costs, yet your water rate is actually 8% lower than in 1940. This is because of carefully budgeting and planning, and application of new methods and procedures.

We pledge ourselves to continuous effort to serve you better in the months and years to come.

No. 7 in a series...

A report on our stewardship of your water supply.

A NEW "ROADBLOCK" for Palm Springs School Buses is demonstrated in this typical school traffic scene. Palm Springs school buses are the first in the nation to test this new device, designed to protect the lives of school children while crossing streets and highways.

The retractable sign strip extends as far as 50 feet in length and can swing in four directions. S. P. Manasse, of Palm Springs, a partner in the American Roadblock Company, developers of the safety device, believes that every school bus in the nation will eventually be

equipped with the roadblock. A California organization, the California Safety League, will supply roadblocks for school buses, Manasse said. Other uses are now being investigated.

Blythe Airport Lease Approved By Supervisors

A three-year renewal of Bonanza Air Line's lease for use of Blythe Airport and an operations office in the airline passenger building was approved by the Board of Supervisors this week with an additional clause which will allow the air line to cancel on a 30-day notice in the event their certificate of convenience and necessity to serve Blythe is not renewed or extended by the Civil Aeronautics Board.

Airports Director Joe Marriott said the airport commission believes the air line's request for the release clause is reasonable. The new lease will expire April 30, 1961.

AS BROTHER AND sister of that fabulous Winter family in "The White Sheep of the Family," Lee Cathcart and Paul Howard are engaged in a usual difference of opinion. Even though Lee seems quite convincing, Paul is determined to become the "White Sheep" of the family. Opening night for this 3-act farce is Friday, May 2, in the Little Theatre section of the Desert Magazine Building in Palm Desert. Curtain time is 8:30 p.m., and the play will be presented for three consecutive weekends.

County Sales Tax Controversy Continues; Supervisors Vote Against Corona Proposal

A second attempt by Supervisor William Jones to put through a motion which would result in notice to the City of Palm Springs that it must pay the sales tax collected within its boundaries, was defeated this week by the same vote as that of last week.

Supervisors George Berkey and Curtis Chamberlain voted against the motion. Supervisor Fred McCall joined Supervisor Jones in voting for it, and Supervisor Paul Anderson passed his vote.

THE BOARD OF Supervisors was notified this week by the City of Corona that it unanimously passed a resolution expressing intention to withdraw from the agreement with the Board of Equalization for administration and collection of local sales and use taxes on or before July 29, 1958, and to repeal its ordinance imposing a city sales and use tax unless prior to that time the Board of Supervisors agrees with the City of Corona that no portion of the sales and use taxes collected within the city under the agreement shall inure to the benefit of any political corporation other than the City of Corona.

UNDER THE BRADLEY-Burns Uniform Sales and Use Tax Agreement, if any city withdraws from the agreement, the entire agreement becomes null and void. Supervisor Fred McCall said that according to figures released by Administrative Officer Robert T. Andersen, the anticipated sales tax revenue for next year, including the county's tax in unincorporated areas and ten per cent of the amount collected by the state within county cities, will total about \$800,000. He said that the \$800,000 represents a tax rate of 16 cents for all taxpayers in the county.

"IF WE DO AWAY with the sales tax we will have to levy a 16-cent increase in the tax rate," said McCall. "If we continue to exempt Palm Springs then the rest of the county is paying 16 cents of Palm Springs' tax burden."

Administrative Officer Robert T. Andersen said he couldn't agree with McCall's reasoning.

SUPERVISOR GEORGE Berkey declared, "Palm Springs is the shipping boy. The action setting up the agreement which left Palm Springs out of the requirement that the cities pay to the county ten per cent of the tax collected within their boundaries by the state, was unanimous. It had to be unanimous under the Bradley-Burns Act."

"It was shown clearly at the time that Palm Springs couldn't have the state make its collection and pay ten per cent to the county without losing money. The latest figures prove that this was true, and prove also that all the other cities have increased their revenue by state collection, particularly Corona."

IT WAS STATED in the Corona resolution that the City of Corona should be "put upon parity with Palm Springs," that all cities except Palm Springs are being treated unfairly and no city within the county should be required to transfer any portion of the sales and use taxes collected within its boundaries to the county.

According to figures released to Administrative Officer Andersen by the Board of Equalization in Sacramento, Corona has fared better than nearly any other city in the county, increasing its revenue under state collection by 70 per cent after deduction of the ten per cent paid to the county.

OTHER CITIES in the county have increased their sales tax revenues from 24.14 per cent to 100 per cent, except for Palm Springs which shows an increase of only one per cent. Had it been required to pay ten per cent to the county it obviously would have suffered a loss.

Berkey said there is nothing unusual in the exemption of a city from the requirement for payment of a portion of its tax to the county. He said both San Bernardino and Imperial counties have exempted one city, and county after county has allowed special provisions for some of their cities.

The board voted unanimously on a motion by Supervisor Chamberlain to instruct Administrative Officer Andersen to confer with the county's League of Cities to

False Alarm

RUTLAND, Vt. — (UP) — At the sound of an alarm, firefighters sped to the downtown business section. They were met at the door of a building by two men who inadvertently had set off the alarm. The men were fire inspectors.

County Traffic Toll Up, Most Show Decrease

Traffic fatalities rose to 44 in Riverside County during the first three months of 1958 while Southern California marked a general decline of traffic deaths in the same period.

Riverside County ranked fourth highest in the number of traffic fatalities counted in the 13 Southern California counties, the Automobile Club of Southern California reported today.

The county had 44 traffic deaths, including nine pedestrian fatalities, in the first three months of 1958 as opposed to 32 for the same time last year.

Southern California as a whole marked 450 traffic deaths, a 15 per cent decrease from the 517 deaths caused by traffic accidents during the first three months of 1957.

Los Angeles County accounted for 194 of the 1958 deaths, a decrease of more than 34 per cent from last year's 260. San Diego County is second with 54 deaths, and San Bernardino is third with 51.

Until the spring of 1943, the entire world production of penicillin was just enough to treat 400 patients. By 1957, fourteen years later, giant fermentation tanks were producing enough penicillin to treat over 50,000,000 patients.

Self, Friedman to Compete for Scholarship

High school students David Self and Joel Friedman will be among a group of 28 students competing for \$8,600 in prizes at the Bank of America Achievement Awards program in San Diego, May 6.

Self and Friedman will appear in discussion groups before a panel of five judges at the El Cortez Hotel.

All students competing in the contest finals will win cash awards, ranging from four top awards of \$1,000 each to 16 awards of \$100 each.

Judges will rate the students on several points during their discussion periods and add their scores to student records in classroom and outside activities.

Self is competing in the liberal arts division and Friedman is entered in the science and mathematics division.

'Mes de Mayo' In 25th Year At Padua Hills

CLAREMONT — The colorful presentation of "En el Mes de Mayo" at Padua Hills Theatre is creating a favorable response with audiences, according to Director Eligio Herrera.

Now in its 25th season, Herrera reported that the production has been even more simplified than the presentation a year ago.

"Casting and the response to given parts by The Mexican Players gives it a different flavor each year," Herrera said, "and happily for us, it has been gaining more plaudits this year than in any previous year during my experience at Padua Hills Theatre."

"En el Mes de Mayo" meaning "in the month of May," is the story of the prayers for rain by the farmers in the southwest Tamaulipas area, and deals with the prayers to the Christian Saint Ysidro, whom the Spaniards substituted for the previously worshipped rain god of the Aztecs, Tlaloc.

The play is rich in the ritual dances, which have been drawn from all parts of Mexico.

Rogelio Alfaro and Graciela Morales share the romantic lead with strong supporting roles being performed by Francisco Velazquez, Alicia Narvaez, and Alicia Sevilla. Luis Abundiz provides thrills with his stirring dances, while Manuel Gonzales sings in the style that has won him much acclaim.

"En el Mes de Mayo" is presented Wednesday through Saturday at 8:30 p.m., with matinees each Wednesday and Saturday at 2:30. The Mexican Players provide songs and dances during luncheon and dinner daily except Mondays in the dining room of non-profit Padua Institute.

Merienda follows each performance of the play where patrons may request their favorite songs and dances. Reservations may be made at LYcoming 6-1288.

Indio Woman Honored As California Mother of 1958

Coachella Valley opened "Mothers' Week in California" Sunday afternoon at the Presbyterian Church in Coachella when California's mother, Ruth Hannaford Weed, was honored.

The week has been proclaimed by Governor Goodwin J. Knight and the Mayors of Indio and Coachella, and begins April 28.

Mrs. Weed, who was named California Mother of the Year 1958 March 25 by the California Mothers' Committee, was nominated for the honor by the Women's Association of the Presbyterian Church of Coachella Valley.

The Governor's special citation was presented to Mrs. Weed by Melba Bennett, Palm Springs, who has been appointed to represent him at a tea from 3 to 5 p.m. in the Westfield Annex.

"We invited the friends of Mrs. Weed to attend the tea and to share in sending her to New York May 6, where she will be California's Mother in competitions for the American Mother of the Year," explained Mrs. Gordon Pixley, president of the Women's Association.

Among others who were to attend the honoring tea were Mrs. M. Edna McMillan, of Palm Springs, chairman of the California Mothers' Committee, who was the 1957 Mother of the Year. Other former Mothers of the Year had been invited to the tea, along with members of Mrs. Weed's family, and women leaders of the valley's organizations.

Horseless Carriage Club To Attend Gay 90's Party

Gay Nineties Night at Shadow Mountain Club next Saturday, May 3, promises to make history in the long line of fun-filled nights of the current season.

One hundred members of the Horseless Carriage Club of Southern California, making their Annual Tour, will be on hand with their ancient automobiles which must be perfectly restored vehicles of the vintage of 1915 or earlier. Also the owner must be attired in the appropriate costume for the period of the car. Fire-cliff Lodge in Palm Desert will be the base of operations during their stay from May 2nd through 5th. There will be an informal dinner at the Lyons Prime Rib for early registration Friday.

Many beautiful, authentic and appropriate costumes will be worn by the men, women and children not only while driving but also during the banquets, dinner dances and even while relaxing.

The automobiles create considerable interest wherever they appear and many desert restaurants, clubs and merchants will

be visited by costumed participants in the Annual Tour in their antique vehicles.

To climax the evening at Shadow Mountain in the atmosphere of the colorful Gay Nineties — there will be a MIDNIGHT SWIM in the enormous club pool — and many of the Horseless Carriage crowd will be wearing old-time bathing suits. And all diners are invited to participate in this Midnight Swim either in modern swimwear... or ancient garb.

Other events planned for the picturesque visitors include a costume banquet at Chi Chi on Sunday night.

Two Desert Artists Win Awards

De Anza District — Federation of Women's Clubs held their Second Annual Convention at El Mirador April 24-25. Mrs. Edwin Bryant presiding. Mrs. J. H. Brubaker, of Walnut Creek, state chairman of conservation, was chief speaker.

The Art Show held a special place in the program of the convention, and awards were won by members of this community. Special award was won by Agnes Pelton, and a blue ribbon First award by Mrs. Lucille Paulson, both members of Cathedral City Women's Club.

Judges of the show were Gaylord Richmond and Mrs. Cyria Henderson. Richmond, holding a degree in Fine Arts, University of Yale, two years research fellowship of Yale University; also on the faculty as a teacher at Yale, a Director of the Los Angeles Art Institute and work in Industrial Design — to now a member of Desert Art Center of Palm Springs, and on the jury for the Desert Art Center Gallery.

Mrs. Henderson, an artist and sculptress, and wife of Randall Henderson, owner of the Desert Art Gallery at Palm Desert, also editor and owner of the Desert Magazine, had their first art gallery in Palm Springs on the Desert Inn grounds, and for years director for the desert Art Gallery in Palm Desert.

Winners in awards for the historian's books were: First, Riverside Club; Second, Hemet; and Third, Alvord. Mrs. Claude Yerkes, De Anza District historian, with Mrs. Rinaldo Carle were in charge of the Art Show. Mrs. Alpha May Larrison was awarded the "Woman of the Year Award" for giving so much of her time to community work.

Dear Jim:

I thought that it would interest you to know that the ads that we have been running on the Silver Spur Ranch model homes, furnished by Barker Brothers, in The Desert Sun have been doing an exceptionally good job.

We have been able to check this through the fact that a large number of people have come to Silver Spur Ranch with copies of our ad with them.

We wish to thank you for the good service and efficient manner in which you have handled our advertising with your paper.

With kindest regards, I am

Cordially,

Ranch Club Luau's Tomorrow

The Ranch Club's annual Hawaiian Luau will be held tomorrow night, May 2, and the festivities will begin at 7 p.m. In addition to the regular bands, the Mason and Dixon Quartet featuring Clessa Williams, and Joe Spata Trio, The Royal Hawaiians will entertain.

There will be two shows during the evening in which famous knife-dancer Freddie Letuli and exotic polynesian singer and dancer Lani will be starred.

Polynesian food and tropical fruits will be served from the famous Ranch Club buffet and fresh-flower leis, flown from the Islands, will be given to all ladies present.

Make a Heart For Mothers Day

Youngsters who like to sew can give Mom personalized pillows for Mother's Day.

Heart pillows can be made easily in a variety of sizes and shapes, depending on where the pillow is to be used, say advisers at the Necchi Home Arts Center.

For the living room, use a rectangular pillow and cover it with a fabric, blending in texture and color with the room's decor. Nubby textured or surface-interest fabrics in solid colors are best. For a personal touch, spell out "Mother" or her name in white rayon soutache braid, tacked diagonally across the top.

Game rooms, studios or sewing rooms call for bolder fabrics, perhaps a big plaid.

To make the pillow from scratch, choose a foam rubber shape. If you want a heart-shape, ask the store to cut the foam rubber for you.

Get enough fabric to cover both the width of the pillow, sides, plus another half yard for Or make a floor cushion in sturdy felt which can be used as a hassock. Stuff the felt with kapok.

Soroptimists To Give Second Scholarship

The monthly business meeting of Soroptimist International of Palm Springs was conducted at luncheon at the Biltmore Hotel on Tuesday by acting president, Esther Weingarten.

For a number of years Soroptimists have given a Nursing Scholarship to an outstanding Palm Springs High School graduate. Henry Greeley, principal of the High School, has advised that a number of students are interested in the scholarship and Tuesday the Club voted to offer a second scholarship. Interviews will be conducted by a committee next week.

Zella Deeny, past president of Soroptimist International of Auburn, Washington, Daisy Kirsch a former member of the Auburn, Washington Club and Eunice Tiss of Coachella Valley Club were guests at the luncheon.

Cakes will rise more evenly, and pies and biscuits will brown better if baked in a shiny pan instead of a dark one.

For juicier hamburgers, mix lightly with seasonings and shape into loosely packed patties.

Tongue Is Tasty Hot or Cold Dish

An unusual and economical meat with good flavor is tongue, which can be served hot or cold.

Tongue must be simmered in water until tender, and then can be served in a variety of ways—just plain sliced or with numerous sauces.

However, before slicing tongue, the excess tissue should be removed from the root end and the skin taken from the entire piece.

Poolside Party

Soroptimists and Soroptimists gathered at pool side Monday evening at the home of Dorothy and Maynard Groth, 1500 via Soledad, for potluck dinner, and to greet Blanche Denslow, formerly of Palm Springs and now of LaJolla, during her visit here.

Wash fabrics with crease-resistant finishes in warm water. Very hot water can remove the finish and set wrinkles. Avoid using bleach containing chlorine.

To save the unused pimento, once the can is opened, put the contents in a small jar, with lid. Add a few drops of vinegar to the liquid.

Auto Influx Into Southland Shows Slight Decrease

Automobile influx into Southern California during the first quarter of 1958 dropped slightly from the record pace set during the first three months of 1957, it was announced today by the Automobile Club of Southern California.

Statistics show that 216,494 out-of-state cars carrying 550,446 passengers entered the 13 Southern California counties during January, February and March. This figure is only slightly below the 216,973 cars carrying 570,534 passengers that entered the Southland during a similar period last year.

The area chalked up its third consecutive record year during 1957 when 981,468 out-of-state cars carrying 2,661,749 passengers entered.

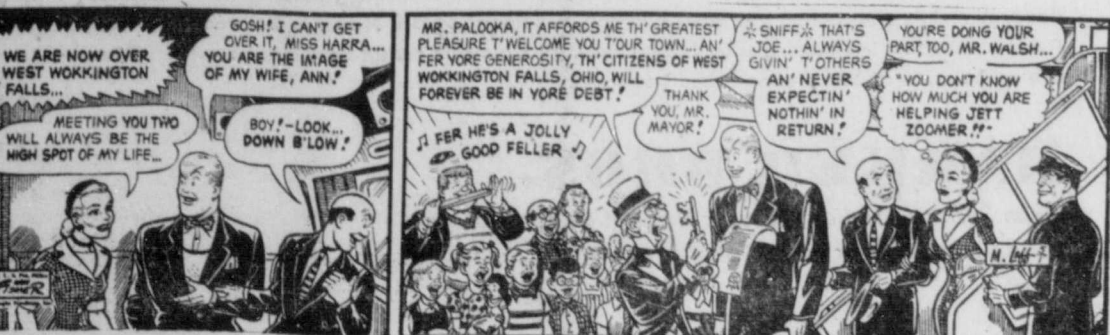

State-wide figures show a similar down trend. During the first quarter of this year 350,445 cars with 871,540 passengers entered the Golden State. In a similar period of 1957 auto influx totaled 352,707 cars and 910,175 passengers.

Last year was the first time since 1954 that the state-wide influx failed to show an increase over the previous year.

TODAY'S SPORT PARADE

By HAL WOOD

SAN FRANCISCO. — The miracle man in the resurgence of the Giants is Hank Sauer, the ageless outfielder who frightens pitchers by just striding to the plate.

The big right fielder is clouting the ball at a 400-plus rate and he already has seven homers to his credit.

"Don't know what's got into me," Hank opined as he warmed up for a game with the Phillies by playing catch with Willie Mays. "I'm swinging just the same as I always did. But I never got off to a start like this before."

For a guy closing in on his 40th birthday, Hank had to confess that "maybe" he has caught the spirit of the many youngsters on the San Francisco squad.

"WHEN YOU HAVE a big crowd hollering and yelling for you like we have here every day, it's bound to make a difference," he said.

Sauer is of the opinion that this Giant team is a pretty good, all-around ball club.

"We have a lot of power at the plate compared with last year," he said, "and additionally, it is a pretty fast team. When you

have a fellow like that rookie first baseman, Orlando Cepeda, who can power the ball for extra bases, then run fast enough to get an extra base on a shorter hit, it makes a big difference.

"THE SPIRIT is up from last year, too. The fact that we had so few fans out to root for us in New York last season didn't help our spirit there. The San Francisco crowd seems to love us so far."

"This Seals ball park is a good one. It has just as big a playing field as the average in the other major league cities."

"That prevailing wind that comes in about game-time every day is a big help to the right-handed hitters, too. And I figure that along about July and August, when the rest of the country is sweltering in the heat, the cool weather here is going to help us — especially the older fellows."

Hank has been around long enough to know that the team has a few deficiencies — such as lack of experience from the four rookies holding down regular jobs and a possible shortage of pitching depth.

But as of now he isn't admitting nothing. And he may be right.

Indians, Arabs to Clash Friday in Deciding Game

Top game of the Riverside County League baseball schedule comes for Coach George Scholl's Palm Springs High Indians to tomorrow, afternoon at the Polo Grounds, when they meet the Coachella Arabs in a scheduled league game.

The Arabs now lead the loon with seven wins, no losses and two ties while the Indians are second with five wins, two losses and one tie.

VICTORY FOR THE Indians would put them a game off the pace with four games to go.

When the Indians and Coachella met for the first round game this season on the Coachella diamond, the battle resulted in a 4 to 4 tie, being called by the league referee.

Tomorrow's game will start at 4 p.m.

LEAGUE GAMES have been changed to Tuesdays and Fridays for the remainder of the season. The original schedule set games for Tuesdays and Thursdays.

The Indians have won from San Jacinto twice and from Hemet, Perris and Elsinore once each. They have lost to Beaumont and Banning.

They go to Banning next Tuesday, certain Homet May 9, go to Perris May 13, and close the season with Beaumont here May 16th.

Play Starts Tomorrow at Indian Wells

Approximately 200 leading amateur golfers from the southwest will tee off at 8 a.m. tomorrow for the first round of 18 in the 54-hole Pow Wow tournament at Indian Wells Country Club.

Play will continue Saturday and Sunday with 18 holes of medal play each day.

First annual Pow Wow Invitational has attracted entries from Southern California and from Arizona cities.

PRACTICE ROUNDS have been underway for the past few days on the sporty Indian Wells course and from indications of scores posted yesterday, competition will be keen, said Eddie Susals, manager of the club.

Play will be on a best-ball two-some basis with low gross and low net prizes.

John Curci and Milt Hicks are co-chairmen for the event.

AS THE NAME IMPLIES, the Indian theme will be the motif for the tournament and will be carried out in the trophies and in the accompanying social program.

The Pow Wow dinner is scheduled for Saturday night on the edge of Lake Blythe-Phil, named for Blythe Crosby and Phil Harris and will follow the Indian theme of the tournament.

Prizes for tournament winners will be presented Sunday after the tournament.

Rains Threaten Colonial Tourney

FORT WORTH, Texas. — Drenching rains posed a dark cloud of potential delay over the opening round of the 12th annual, \$25,000 Colonial National Invitational Golf Tournament today.

This tournament, one of the richer select-field affairs, has been plagued with bad weather before, and once—in 1949 — had to cancel the entire show because a rampant Trinity River inundated the entire course except for the clubhouse.

MAC KAY TOP-SEEDED

LOS ANGELES. — Young Barry McKay, Dayton, Ohio, was top seeded today in the 72nd annual Southern California Tennis Championships opening Saturday at the Los Angeles Tennis Club.

Tim Tam Favored at 9 to 5

LOUISVILLE, Ky. — A field of 17 was expected to be entered today for Saturday's Kentucky Derby, but as far as this horse-crazy town is concerned it still shaped up as a two-horse race between Tim Tam and Silky Sullivan.

As the size of the field suggested, this attitude was not reflected on the backstretch of Churchill Downs, where owners and trainers tabbed the Kentucky Derby as a wide open affair. Every starter has a chance, they insisted.

Yet only 12 of the three-year-olds were listed as certain starters as the time to put up \$250 to pass through the entry box approached. It will cost an additional \$1,250 to actually start a horse.

IF 17 SHOULD RUN, the 1958 Derby would be the second richest on record with a gross value of \$164,500 and a winner's purse of \$120,400. The richest Derby was the 1936 renewal, worth a total of \$167,550 with \$123,450 going to Needles, the winner.

In addition to Tim Tam and Silky Sullivan, the others expected to be named were the Calumet Farm entry of Jewel's Reward, Jet's Alibi and Ebony Pearl, Belau Chief, Gene Fishin', Nouredin, Flamingo, Lincoln Road, Na-Mo, Martine Rullah, Warren G. Can Trust, A Dragon Killer, Chance II Tony, and Red Hot Pistol.

Eddie Arcaro, the Kentucky Derby riding champion with five winners, rides Jewel's Reward.

THE OTHERS all were likely to start with Steve Brooks on Belau Chief, Logan Batchelor on Chance II Tony, Gordon Glisson on Flamingo, Ralph Neves on Gene Fishin', Chris Rogers on Lincoln Road, Conn McCreary on Martine Rullah, Jim Combest on Nouredin, and Doug Dodson on Red Hot Pistol.

Johnny Heckman rides Nadir if he starts and Keweenaw Church will handle Warren G. Ismael Valenzuela rides Tim Tam for Calumet Farm, already the winner of six derbies.

Valenzuela rode the son of Tom Fool in the Derby Trial and earned the Derby ride by winning. Tim Tam's victory was a big one and enough to make him a 9 to 5 favorite over Silky Sullivan, the slow starter with the fast finish, who will be ridden by Willie Shoemaker.

Brothers Have Red Letter Day With 7-Hitters

NEW YORK. — It was a red letter day for the Lary boys. "That Al's always doing everything I do," Frank commented with a grin.

Homers Aid Reds in Move Toward Top

Cincinnati Again Takes on Look of Strong Contender

By FRED DOWN
United Press Sports Writer
The Cincinnati Redlegs have that dangerous look again—proving what a difference a couple of late-inning homers can make. The once homer-happy Redlegs had Birdie Tebbetts tearing out his hair as they hit only four homers and had a National League team batting low of .239 while losing five of their first nine games. Then Gus Bell smashed a three-run eighth inning homer to give them a 5-2 victory Tuesday night and Frank Robinson connected for a 10th-inning round-tripper Wednesday night to make it two in a row over the St. Louis Cardinals, 5-4.

AS A RESULT OF Wednesday's triumph the Redlegs climbed over the .500-mark and were the only so-called contender in either league to take advantage of losses by the defending champion Braves and Yankees.

In the National League, the Chicago Cubs whipped the Braves, 8-2, but the Pittsburgh Pirates beat the Los Angeles Dodgers, 3-1, and the San Francisco Giants downed the Philadelphia Phillies, 10-1. In the American League, the Detroit Tigers routed the Yankees, 10-1, but the Baltimore Orioles edged out the Chicago White Sox, 3-2. The Kansas City Athletics clubbed the Boston Red Sox, 11-4, and the Washington Senators shaded the Cleveland Indians, 3-2.

Ernie Banks hit his fourth and fifth homers, Lee Walls his eighth and Sam Taylor his first to lead a seven-hit Cub attack on Bob Buhl and three Milwaukee successors. Jim Brosnan pitched a five-hitter for his second win for the Cubs while Buhl suffered his first defeat after three triumphs.

RON KLINE pitched a three-hitter as the Pirates ran their winning streak to five games, longest of the season in the NL, and dealt young Don Drysdale his fourth straight setback.

The Giants climbed back into first place with a 12-hit attack that included homers by Daryl Spencer and rookies Orlando Cepeda, Bob Schmidt and Jim Davenport. Johnny Antonelli struck out four and yielded only six hits in notching his second win. Robin Roberts, who yielded two homers and six hits in 5-2-3 innings, suffered his second loss.

Perris Defeated by Indians, 31-0

Palm Springs High School Boys tennis team chalked up another clean sweep in Riverside County League competition Wednesday when they defeated Perris High on the local courts, 31 to 0. With one match left, against Beaumont next week, Coach Seamus Nunan's boys were approaching a new school record.

Gonzales Heavy Favorite to Win Pro Title Again

CLEVELAND, Ohio. — Professional tennis king Pancho Gonzales is heavily favored to capture his sixth consecutive victory in the \$15,000 world pro tennis championships opening here tonight.

Gonzales, one of the greatest players of all time, faces a large field including Lew Had of Australia, his current barnstorming opponent; former Davis Cup star Tony Trabert, and colorful Pancho Segura.

The hard-hitting Gonzales won earlier titles with final-round victories over Don Budge, Frank Sedgman and Segura the last three years. An "all-Pancho" final will be impossible this year, however, since they play in a quarter-finals match Friday night.

Gonzales and Hoad are top-seeded in the field competing for the largest purse in pro tennis. Also entered are Don Budge, Frank Parker and Bobby Riggs, former national champions and Davis Cup stars.

Bowdrey Looms As Challenger For Middle Title

CHICAGO. — Jesse Bowdrey, twice a national amateur champion, threatened today to move into contention for a professional title.

Bowdrey, who won the national Golden Gloves middleweight crown in both 1954 and 1955, punched out a unanimous decision Wednesday night over light heavyweight trial horse Clarence Hinnant, who suffered his 12th loss in 38 pro battles.

Californians Win in Naples Tournament

NAPLES, Italy. — Mimi Arnold of Redwood City, Calif., eliminated Maria Teresa Riedl of Italy, 3-6, 6-3, 6-1, and Louise Snow of Bakersfield, Calif., defeated Silvana Lazzarino of Italy, 8-6, 0-6, 8-6, Wednesday in the Naples International tennis championships.

Copeland, Hawkins Tangle at Olympic

LOS ANGELES. — Auburn Copeland, a smooth-punching veteran, battles Dwight Hawkins tonight at the Olympic Auditorium in a 10-round substitute match for a cancelled state title fight.

MULTIPLE LISTING IS FOR CO-OPERATIVE SELLING OF REAL ESTATE

The Multiple Listing Caravan is becoming a familiar sight. Thirty or more real estate salesmen take the weekly tour to inspect properties just listed in Multiple. They estimate the value of the properties visited. The average is compared with the asking price. Thus, the broker with whom you listed your property has a measure of its market value. If you are curious about your property, call him.

Call any broker listed below if you want your property on the Caravan.

ARE PROUD TO OFFER YOU
THESE FINE HOME BUYS...

1--- WAS \$18,500---SLASHED TO \$16,950

IMMEDIATE OCCUPANCY with only a \$1500 move in price on this adorable 3 bedroom dwelling. Being brand new and offering such extras as multi-colored built-in kitchen appliances, music-call intercom, fireplace, outdoor barbecue pit, double detached garage, Mitchell refrigeration makes this the season's best competitive buy in the desert—two large baths, naturally!!

2--- Was \$18,500---Repossessed to Sell

AT \$17,500. Lived in only a short time this 2 bedroom and den adobe on a large corner lot is completely tiled thru out! This will go quickly to some intelligent buyer who has the foresight to visualize what a few hours of cleaning and weeding will produce. On the same street with homes in the \$50,000 price range it features 3 ton refrigeration, desert plantings, built-ins, breakfast bar, laundry area—move in tomorrow for just \$1450 down payment and only \$148 per month (after a few years this drops to only \$101 per month). Open house daily at 71-642 Mirage Road.

Jaynes Opens Nine-Store Center in Florida

Former Desert Sun Editor Oliver B. Jaynes has opened a new, nine-store shopping center at Ft. Lauderdale, Fla. It was reported here today.

Jaynes, who moved to Ft. Lauderdale late last year, developed the center with his son-in-law, John Coulton. Jaynes and Coulton developed the project under their new corporation, J&C Investment Company.

The firm was organized for development and operation of this and other projects. The new building carries the name of Harbor Beach Plaza and features nine distinctive stores, including a large food market, pharmacy, hardware and liquor stores and a cocktail lounge.

Jaynes retired last fall after 35 years in the newspaper business in California and Arizona. He previously managed the Tucson (Ariz.) Daily Citizen and later published the Highland Park News-Herald in Los Angeles.

Berkey to Be Improvement Group Speaker

DESERT HOT SPRINGS — County Supervisor George Berkey will address members of the Desert Hot Springs Improvement Association at 7:20 p.m., Saturday, in the association hall, following a potluck dinner at 6:30. The association will also have its annual election of officers, reported President Dr. James Compton.

This will be the last meeting in the Pierson Boulevard hall, Compton said. Future meetings will be conducted at the new hall at Cactus and Eighth Streets.

Four Graduates Accepted by Top Colleges

Four graduating Palm Springs High School seniors have been accepted for admission to ranking universities, Principal Henry Greeley reported today.

Joel Friedman was accepted "with honors" by the University of California; Dennis Gilbreath was accepted by Stanford University and California Institute of Technology; David Self was approved for admission to Stanford and Pomona College and Joe Leonard was accepted by Stanford.

Four Candidates for County Schools Post to Speak May 6

Four candidates for the office of superintendent of Riverside County schools will speak at Coachella Valley Union High School Auditorium at 8 p.m., Tuesday, May 6, it was announced by Alex Alexander, president of the Coachella Valley Council of Education, sponsors.

Candidates are Dr. Ray Johnson, present superintendent; Robert Lohman, superintendent of Oasls schools; Frank Gibson, elementary teacher in the Riverside school system and formerly county coordinator of health and physical education; and Ralph Brand, elementary school principal of Riverside.

"In inviting the four candidates

Poe Elected President of Archery Club

Palm Springs Archers this week elected its new officers for the coming year, with Howard Poe, Palm Springs constable, named president.

Other officers include Erna Marie Cross, secretary-treasurer, and Wes Dutton, range master. The organization will hold an archery shoot Sunday at the Ray Huff archery range at the Outpost Estates, and the next regular meeting of the organization will be held May 7 at 8 p.m., at the Polo Grounds Clubhouse.

Ryan Airport Lease Proposed For Area Center

The cost of re-roofing buildings at Ryan Airport and repairing the utility system can be paid for from county airports funds, Airports Director Joe Marriott told the Board of Supervisors this week. It had previously been thought that an additional allocation of funds would be needed.

Marriott said the airport commission reiterates its recommendation that the board approve the lease sought by Mr. and Mrs. George W. Holbrook, Jr., for five years with a total rental of \$66,000 for operation of a community center for retired people.

As to possible operation of a trailer park in conjunction with the center, Marriott said it is understood that if and when it is desired an application will be submitted through regular channels. Supervisor Fred McCall previously stated that should the trailer park be operated without a permit, even though the county would not be required to have such a permit, the board might be criticized.

The lease proposal was referred by the Board of Supervisors to county counsel who is expected to draw up a lease for their consideration. The referral was made when Administrative Officer Robert T. Andersen concurred with the airport commission's recommendation.

Fire District Annexation Is Delayed 1 Week

Although a resolution was ready for adoption by the Board of Supervisors this week setting 10 a.m., June 9, as time for a hearing on the proposed annexation of a long narrow strip of land running south from 52nd Avenue about a block east of Harrison, to the Coachella County Fire Protection District, it was not adopted.

The strip annexation was requested by Metmar Construction Company. Supervisor George Berkey said at least one other annexation, and possibly two, to the same district are pending, and he thought that if possible the areas should be combined for one annexation procedure. At his request action was held over for a week.

GOP Women To Meet May 15

DESERT HOT SPRINGS — The Republican Women's Club of Desert Hot Springs will meet at 4 p.m., May 15, at the home of Mrs. Elita Goldsmith, 66-087 West Third Street.

The meeting is open to men and women and DHS newcomers are also invited to attend.

FRANK ALLEN, left, and Bob Schlesinger, incoming and outgoing presidents, respectively, of the Palm Springs Junior Chamber of Commerce, discuss campaign strategy prior to their leaving today for the state JayCee convention at Santa Cruz. Palm Springs JayCees Bid for State Convention

A contingent of Palm Springs JayCees moved into the California State Junior Chamber of Commerce convention at Santa Cruz this week, armed with a massive community invitation to stage the quarterly state convention in the resort city next fall.

The Palm Springs convention delegation, a traditionally large group of 12 to 15 delegates, hopes to win approval to host the quarterly state board meet here Nov. 7 through 9 — and they have the documented blessings of resort leaders to support their campaign.

LED BY INCOMING and outgoing JayCee president, Frank Allen and Bob Schlesinger, respectively, the Village delegation is heavily laden with posters, placards and letters of welcome designed to point up the many attractions of the World's Foremost Desert Resort.

President Allen explained that the campaign has its foundation in the outstanding success of a state JayCee convention conducted in Palm Springs several years ago.

"Since then," Allen said, "many state delegates have asked when Palm Springs will again host the convention. We had so many requests that we decided this is the time."

ALLEN IS ARMED with letters of welcome to the state JayCee group from the City of Palm Springs, the Chamber of Commerce and Police Chief August Kettmann to emphasize the fact that the city "will go all-out" to entertain the hundreds of visiting delegates.

The Village delegates also have prepared a complete Palm Springs recreational program for the convention, which they said will be headquartered at the world-famed Desert Inn if it is conducted here.

Convention delegates visiting the resort will enjoy such events as a golf tournament, on one of the area's championship courses; a "night on the town," fashion shows, luncheon parties for delegate wives, desert tours and a cocktail party.

Dr. Haman Tells Advantages Of Artificial Insemination

LOS ANGELES — Children conceived through artificial insemination "are much more wanted and loved than adopted children."

This opinion was expressed today before members of the California Medical Assn. by Dr. John O. Haman, Palm Springs physician, who has done detailed studies on more than 300 married women who have been impregnated artificially.

Haman noted that the number of miscarriages and other factors that accompany fertilization through insemination remained on a par with those induced by the normal method.

Artificial insemination has been

a "great blessing" to many families who could not have had children otherwise, Haman said.

He pointed out that these offspring did not have to undergo the great emotional strain experienced by adopted children when they discover that their mother and father are not their real parents.

\$45 Cash Stolen From School

A midnight prowler raided the Associated Students store at Palm Springs High School last night, escaping with about \$45 in cash. Police said the burglar apparently entered through an unlocked window to take \$5 from a cashbox and about \$45 from a milk vending machine.
